Take Hall's Family Pills for constipation.

The Cure For

scrofula was once supposed to be the badge of royalty. To-day, many grateful people know that the "sovereign remedy" is Ayer's Sarsaparilla. This powerful purifier cures "the evil" by thoroughly eliminating all the impurities from the blood. Consumption, catarrh, and various other diseases as well as mental maladies, have been cured by it.

SCROFULA

Scrofula, this disease manifests itself in children by glandular swellings, running sores, swollen joints, and general debility of body. Adulthood Ayer's Sarsaparilla is the first symptom.

"My little girl was troubled with a painful skin disease, swelling under one of her arms. After physician being unable to effect a cure, I gave her one bottle of

Ayer's

Sarsaparilla, and the swelling disappeared. It was cured by the use of Ayer's Sarsaparilla."—J. C. Berry, Deerfield, Mo.

"I was troubled with a sore hand for over two years. Being assured the case was scrofula, I took one bottle of Ayer's

Sarsaparilla

and was cured."—H. H. Hinkley, Riverton, Neb.

BILLS FOR ARIZONA

Delegate Smith Is After Buildings for Territory

LARGE APPROPRIATION

Federal Buildings for Arizona Cities—May Include Tombstone

A Washington dispatch says that Delegate Mark Smith has introduced a bill appropriating the sum of \$90,000 for the purpose of purchasing a site for the erection of a public building in Nogales, for the use of the collector of customs, the postoffice, immigration service, federal court and other federal public uses.

Mr. Smith intends to introduce bills for the erection of buildings at Phoenix and Tucson.

The House passed Mr. Smith's bill enabling Tucson to issue bonds for the extension and repair of its water and sewer systems.

Mesa boasts that the stock has visited that place ten times so far this year.

A Los Angeles syndicate has purchased the Lamartine group of mines near Prescott. The consideration was \$21,000.

ARIZONA'S ARBOR DAY

Proclamation By The Governor

To the people of Cochise, Gila, Graham, Maricopa, Pima, Pinal, Santa Cruz and Yuma counties:

It is provided by statute of this territory that the Friday following the first day of February in each year shall be known as Arbor Day in the above-named counties, and shall be observed as a holiday.

Now, therefore, by virtue and in accordance with the direction of that statute, I, Joseph H. Kibbey, governor of Arizona, do hereby proclaim Friday, the seventh day of February, 1908, designated as Arbor Day, to be in the counties first above mentioned, a holiday; and I recommend that said day be observed by the people of those counties by the planting of trees, shrubs and vines, in the promotion of forest and orchard growth and culture; by the adornment of public and private grounds, places and ways, and by such other efforts and undertakings as shall be in harmony with the character of the day so established; all in accordance with the provisions of Title IV, Arboriculture, Revised Statutes of Arizona, 1901.

In witness whereof, I have hereunto set my hand and caused the seal of the territory to be affixed. Done at

the capitol, at the city of Phoenix, this twentieth day of January, nineteen hundred and eight.

(Seal) JOS. H. KIBBEY,
By the Governor
W. F. NICHOLS,
Secretary of the Territory of Arizona.

Arizona Strike Is Declared Off

The strike on the Gila Valley, Globe and Northern railroad, a branch of the Southern Pacific company, which has been on for three days, has been settled and the strikers, numbering sixteen in all, have returned to work.

A TOUCHING STORY

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve

TERRITORIAL ITEMS OF INTEREST

Newsy Arizona Events Taken In at a Glance

Two Mesa men have embarked in the nursery business and will grow their own trees from seed.

Father Queta of the Catholic church at Prescott has resigned on account of throat trouble, which makes it almost impossible for him to speak.

Emery Lockhart, aged 4 years, of Phoenix, presented to the board of supervisors of Maricopa county twelve pairs of rabbit ears and received an order for 60 cents bounty money. This is perhaps the youngest claimant in the territory. The rabbits were shot by the boy.

Struck by a heavy timber falling from a windmill tower, J. M. Ware of Government Wells received injuries which may cost him his life.

All school children of Bisbee, by order of the health board, must submit to vaccination on account of the prevalence of smallpox.

The Los Angeles Times alluded to Mesa as "a station on the Southern Pacific railroad," and the Free Press tells the Times of the greatness of Mesa in such graphic style that the latter paper when it reads the dope will decide that Los Angeles is simply a way station on Huntington's electric line.

Turbine Engines 2000 Years Ago

The turbine steam engine, which enabled the Mauretania to establish a speed record across the Atlantic is the descendant of the very oldest steam engine in existence, made by a Greek inventor over 2,000 years ago. There has also been another wonderful record established during the past 54 years and that is the record of cures made by the celebrated Hostetter's Stomach Bitters. It is absolutely pure and compounded from only such ingredients as are recognized and prescribed by the medical profession for ailments of the stomach, liver, kidneys and bowels. Be persuaded to try a bottle at once and see how much good it will do you. It cures sick headache, flatulency, poor appetite, constipation, dyspepsia, indigestion, sleeplessness, colds and malaria. Don't forget to ask for a free copy of our 1908 Almanac at any drug store. It's worth having.

RHODES PRIZE

Two Arizonans Try for the Famous Scholarship

OTHERS MAY TRY

The Papers Will be Graded at Oxford--Result of Tests

The examinations for the Rhodes scholarships which entitle American students to admission to Oxford University with an allowance of \$1,500 per year is being concluded at the University of Arizona.

There are four students who are taking the examination there. They are as follows: Clarence A. Spaulding of Phoenix, trying for Arizona; Samuel James Orr of Tucson, trying for Arizona; J. Huntley Sinclair of Seligman, Arizona, trying from Maryland; Orville Morris Johnson, trying from Wyoming.

So far as has been learned there are but two contenders for the scholarship from Arizona, but it is quite probable that there are others who are taking the examinations at the places where they are attending school outside of the territory.

The examination questions were received from England and the grading of the papers will be done there.

Parties desiring shade, fruit or ornamental trees for planting, should call on or telephone A. J. Irwin, at the Irwin ranch, Tombstone.

The Episcopal ladies at Bisbee are arranging for a "Peddler's Parade," whatever that may be.

TO WORK ARIZONA INDIANS

Arizona Indians for Government Work

According to the Citizen government agents have been in Tucson securing Indians for work on the levee along the Colorado river south of Yuma. This levee is to be extended from its present terminus, 14 miles south of Yuma, to the Sonora line. The Indians who will go from Tucson number about 50 Papagos and to this force will be added Pimas and Maricopas who are being picked up along the Southern Pacific line at Maricopa, Casa Grande and Gila Bend. About 400 Indians will be used on this work.

For an Impaired Appetite

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels. Price 25 cents. Samples free. All druggists."

First-class sewing done. Call on Mrs. J. S. Chambers, Fremont and 9th Streets.

Live Stock Association Elect a President

H. A. Jastro of Bakersfield, Cal., was unanimously elected president of the American National Live Stock Association at the closing session of the eleventh annual convention at Denver.

Los Angeles was unanimously chosen as the place for the next convention.

A telegram was read from President Roosevelt expressing his pleasure that the convention had endorsed his plan of dealing with the public lands.

PUBLIC IS AROUSED.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak I could not eat. I tried all the doctors' drugs, but I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured. I would not have believed it possible to get so well without the use of Druggists' price 50¢

ARIZONA MAILS ON TIME

Railroads Must Pay Fine When Schedule Is Not Observed

It has been the case this winter that the Rock Island Mail is almost always on time in Arizona, whereas it used to get in any time after it was due, usually the next day or the day after that.

The United States railway mail service has instituted a system of very heavy fines for delay of the mails. Even a delay of only a few minutes means money out of the pockets of the railroad company. This has resulted all over the United States in the time tables being regarded with more respect.

"The Cow Puncher" At The Schieffelin

The story of "The Cow Puncher," which comes The Schieffelin next Wednesday, and for which seats are on sale at Flach's drug store, runs something like this: John Graham, the owner of a ranch in Arizona, dies suddenly and leaves to his sister, Geraldine, who is studying medicine in New York. The first act shows the ranch with the cow boys, headed by Tom Lanton, the foreman, anxiously awaiting the new owner's arrival, fearing that she was studying medicine, they all speculate on her appearance, thinking she must be a sort of female dragon. They plan to give the tenderfoot a rousing reception and then leave, as they refuse to work for any female doctor. When the stage coach arrives, out steps a beautiful young girl and announces herself as Dr. Graham. The cow boys all proceed to fall in love with her and decide to remain in her employ indefinitely. Carlos Mendoza, a bad Mexican, tries hard to win her love, this theme making a powerful heart interest play.

The scenery is all painted from original sketches on ranch in Sulphur Spring Valley. There are twenty people in the cast and a complete scenic production is carried. The company comes direct from Globe here, arriving on the 7:35 a. m. train and during the day Black Chambers from ranch No. 101, Oklahoma, will give an exhibition of lariat throwing.

MILITARY MAPS

Government Expert Looking Over Co-chise Routes

DETAIL IN TOMBSTONE

Several Fort Huachuca Detachments on Map Expedition [Trips]

Lieut. Preston and a detachment of four soldiers, from Fort Huachuca, are in the city and camped at the corner of Seventh and Fremont streets. The lieutenant is detailed on a military map expedition in this section, revising the former military routes and making such corrections and alterations necessary for up-to-date reference and military guidance. A number of other details are scattered throughout the county, one detachment being stationed at Naco, and another near Douglas, while several are looking over the districts embraced in the northern part of the county. Lieut. Preston and his detachment may remain here about ten days engaged in this work.

Word was received of the wedding in El Paso recently of S. J. Entriken to Miss Sarah Scott Buffington of Rising Sun, Maryland. The groom is well known in Tombstone and is the general manager of the Arizona Consolidated at Johnson. He has many friends here, who join the Prospector in extending hearty congratulations and best wishes to the happy couple. They will make their home at Johnson.

BISHOP DIES OF WOUNDS

Succumbed to Accidental Shot

Late this afternoon Frank Bishop, the young man who was accidentally shot Friday night, died at the hospital as a result of his wounds.

Bishop, before dying, exonerated Wittig from blame, asserting that the discharge of the gun was accidental, and fully realized that his end was near.

A telegram was received today by Chief of Police Bravin from Mrs. W. A. Hendricks, sister of the deceased, stating that she leaves Denver at once for the bedside of her brother. Mrs. Hendricks is expected here tomorrow, and upon her arrival on her sad mission will learn that her brother is dead.

A coroner's jury was being summoned by Judge McFarland this afternoon to view the remains and hold an inquest.

Wittig was placed under arrest after the shooting but allowed liberty on his own recognizance.

Eczema.

For the good of those suffering with eczema or other such trouble, I wish to say, my wife had something of that kind and after using the doctors' remedies for some time concluded to try Chamberlain's, and it proved to be better than anything she had tried for sale by all druggists.

County Assessor Begins Work

County Assessor Howe is preparing for the property assessments which will be made this year.

The assessment period begins on the first Monday in February and ends on the first Monday in June.

Following the Flag

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant U. S. A., of Rural Route 1, Concord N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed by all druggists. Price 50¢ and \$1.00.
